OUR SHOP IS SMALL BUT
FULL OF STOCK FOR YOU
TO LOOK AT AND BUY.

WE'RE EASY TO GET TO

WE BUY AND SELL
REPAIRS AND SERVICING
IF YOU ARE FROM OUT
OF TOWN OR INTERSTATE

We carry IN STOCK a wide range of all popular new Rifles, Shotguns and Pistols as well as checked and guaranteed used examples in all major calibres. If not currently imported into Australia we can quote you time and cost to do so.

We will list prices of "Specials" both new and used that we think merits attention. Otherwise please do come in and experience friendly and informative service, advice and environment, and to inquire on prices and models and what may suit your specific requirement.

Located on the northern fringe of the Melbourne CBD just 150 metres past the Victoria Market heading West! The front door buzzer and a 'gun-person' image will get you in.

Only PLEEEASE bring you current Firearms Licence in with you so that you can handle our guns. We do not encourage unlicensed people (if you get our drift).

WE TRADE-IN AND PAY CASH FOR OUTRIGHT PURCHASES. Estates to Individual Items. Our Gunsmith is able to repair and maintain most firearms available here. Inquiries welcome. BROWSE OUR WEBSITE and its content for detail and pictures of both New and Used Stock. Direct e-mail connection is available from the site.

FIREARM SPECIALS THIS MONTH

NEW PISTOLS

Beretta 92FS Inox - 9mm	\$1,515
Beretta M87 Target - .22LR	\$880

LIQUI MOLY

- LIQUI MOLY GUNTEC Lubricants and Greases

- SK TARGET AMMO Trade enquiries welcome

We currently have a complete range of SK Ammunition in stock
Including Standard Plus, Magazine, Match, Rifle Match & 9mm SK Zenith FMJ

POLITICAL ISSUES - Should you trust the Government that doesn't trust you?

Historically, when it comes to political oppression shooters have let the State or Federal Government of the times forcibly confiscate licensed, legitimate property with not so much as a minor whelp. Just in case you are feeling complacent and safe as a Shotgun or Rifle Shooter after the recent handgun debacle, think back six years and ask what happened to your semi-auto's and pump shoties! Consider the dangerous thing about all this - if arrogant pseudo intellectuals with their neurotic perceptions on political correctness are allowed to continue their rampage over honest, law abiding citizens like us, what are they going to take next? Watch out if they take a dislike to your car, your clothing, your garden tools or whatever it takes to assuage their insecurities and desire for power and self notoriety.

Feel free to take any legitimate action to support your view. Tell your State and Federal Politicians that you voted into power that you intend to take every legitimate and lawful action to vote them out next time around if they continue to persecute you. Don't be fooled, fobbed off or buffaloed. Write, phone, fax, e-mail or make appointments with

those Representatives and tell them you are a law-abiding, Australian Citizen who is entitled to follow his chosen lawful hobby or sport that harms no one else and contributes to social values, environmental well-being and international sport!

Contact us if you need more help with expressing your views. The Democrats, The Greens and their allies on their own, do not have the voting power of the 600,000 registered shooters (and their families) in Australia!

And keep on asking - how many members does the Anti-Gun Coalition have (not many) and who funds them?? See if they will supply the answer. They keep on getting on TV, radio and the press, why can't you!

VICTORIAN ARMS DONATES 1% OF OUR
TURNOVER TO THE COMBINED FIREARMS COUNCIL
OF VICTORIA.

Add your support by supporting us or donate directly via their website (www.cfcv.org.au). Remember there WILL be a Federal Election this Year.

Editorial

Now that we have all suffered the indignity of having our legally owned assets confiscated by the Government, the Government admits that the confiscation will do little to reduce handgun crime.

Commenting on the supposed success of the buyback in the Herald Sun on Monday 1st December 2003, Police Minister Andre Haermeyer said Victoria was a safer place without weapons in the community. "But we should not delude ourselves that this is going to bring an end to handgun crime." "Whilst this will reduce to opportunity for some crimes, it is a drop in the bucket when you look at the number of handguns that are coming into the country illegally and going into the hands of the criminals" Mr Haermeyer said.

What Mr Haermeyer is really saying is, sorry folks, we've just wasted twenty million dollars (\$20,000,000.00) of taxpayers money to kick people out of a sport they have enjoyed for nearly fifty years and have done nothing to reduce the prospect of criminal use of handguns.

I hope the taxpayers are happy their money has been well spent! Imagine what that twenty million dollars could have done if it was spent on health or education!!

At least there is still some fight in the shooting fraternity. Rumour has it that the Justice Department received nearly 400 submissions on the Regulatory Impact Statement for the proposed regulations.

Considering the relatively small interest group this is a phenomenal effort. Some Regulatory Impact Statements hardly receive any submissions at all.

A big thank you to all those who bothered to send in a submission. Was it worth all the effort? Yes. We did have a couple of wins, albeit minor, but wins nonetheless. International 1920 Match is no longer restricted to five events and the wording for Black Powder International is much more open. Many may see these as very minor matters, but it shows that with a lot of effort we can sometimes convince the legislators to change their minds.

Elsewhere in this issue you will find a call for people to serve on the VAPA Executive. There are likely to be some retirements from the current Executive and we will need strong people to replace them. The hours are long, the pay is lousy and everyone expects you to perform miracles, but the satisfaction could be enormous.

Seriously we need people to consolidate and rebuild our sport. We could be in for a couple of tough years, but if we all pull together in the same direction we may emerge from all this stronger than before.

Remember, we are all shooters whether we shoot ISSF, IPSC, International 1920 or Black Powder.

Management Matters.

News and Issues from the Committee of Management
From the President

The new year, and with it the new participation regime, has started and no doubt we are all busy keeping track of where and when we shoot. If you shoot a match at a club other than your principal club, and want it to count, you need to make sure you advise your club secretary of the details.

I have been asked if VAPA is going to distribute any software to assist clubs with reporting. We are looking at ways of assisting clubs in this area – there is a package almost complete that is currently being tested. If you are interested in trying it – at this stage it is still at the testing stage – please contact Will Beattie by email (wlbeattie@optusnet.com.au) or on 03 9806 1534. Some clubs would like one package that does everything – competition management as well as all the participation details; others just want a basic program to keep track of their own members' participation. **We need to know what you want.** I know some clubs have already put their own systems in place – but there are others who haven't, or who want a more integrated system. So long as you have the manual records it will be possible to get the data into an electronic form – training and assistance will be made available for this.

We now have forms and (some) information from LSB –intense discussions resulted in a few changes, in particular to the participation records and the “try out” form. This latter is still an issue – it is a

definite hurdle to anyone wanting to try our sport. Initially we indicated we would support a request for clubs to send in completed forms rather than the individual – it makes sense and provides a bit more protection for us. However, at the moment there is a requirement to attach copies of the ID which makes it impractical to ask the clubs to forward the paperwork. This is being addressed by LSB.

Whether we like it or not we have to work with LSB. They have the unenviable task of implementing a poor piece of legislation – and they are as aware as we are that some of it is unworkable. VAPA will continue to negotiate where policy is being implemented outside the requirements of the Act, but in the end we will all do better if we try to come to workable solutions rather than just making life as difficult as possible for each other. There is no doubt some of what we are being asked for is not specified as a requirement in the Act - but if it is not detrimental to us then where is the problem? I am out of step with the thinking of some people – all I can do is express my view and hope that commonsense can be used on these issues.

Over the past 18 months many people, in all states, have been working very hard with politicians, bureaucrats and police to reduce the impact of the Monash tragedy and resultant COAG decisions. I hear so much about how Pistol Australia “gave in” – and yet there is no doubt that without

their intense lobbying right at the start we would now be shooting air pistol if we were lucky. John Howard categorically stated he would take all guns out of the community. His simple question to the firearms groups was "why would anyone want a gun" – and the answer he accepted was the PA response - "to pursue our sport of competition pistol shooting". At that point we had "Olympic & Commonwealth events" – intense lobbying in Canberra and some commonsense from a few bureaucrats saw the announcement include the words "and similar events" – thus ensuring we can still shoot Practical, Service, Metallic Silhouette, Action, Black Powder, Single Action etc. What many people cannot come to grips with is that we stood to lose everything – it was only by the various groups working together, at both national and state levels that we were able to keep shooting. Yes, we lost our 'snubbies', yes, we lost our larger calibre guns (probably the most significant loss) and yes, we lost our high capacity magazines - but let's look at what we kept. We kept all our events, we kept the right to own pistols, and – this time around - we kept our sport!

We have also, as you are no doubt aware, lost a number of members –inactive members with no desire to participate, older members who felt unable to meet the

new participation regime, members who found the money too good to refuse, and some who'd had enough of being demonized. My observations to date are that members now will be more involved, competitions will be well attended and our sport has the basis of some strong growth over the next few years. We have an opportunity now to build a strong and vibrant VAPA – but we all need to pull together to achieve this.

Finally – I am weary of hearing the words "VAPA should do xxx". It is time to decide what you want; either – you accept that YOU are VAPA and that your club delegate, as a member of the Committee of Management, directs VAPA policy, or - you support a new constitution for VAPA which puts the management and decision making firmly in the hands of the executive (which would need to be increased) with only a reporting regime to clubs – a bit like having a board of management answerable to the shareholders at the annual meeting!! Given the attendance at Committee of Management meetings and the general lack of interest shown in the proceedings there may be some merit in changing. Think about it – because you may well be asked to vote on the issue at some stage!

Stop Press

On February 21st, Pistol Australia accepted the new Rules for International 1920 Match. Effective immediately International 1920 Match will be shot under the new rules!

Participation (Attendances) Under The New Firearms Act

by Eddie Evans

The more that I read this poxy act, the more complicated it becomes.

The first thing we have to keep in mind is that there are now 4 “classes” of handgun, they are:

1. Air handgun.
2. Rimfire handgun.
3. Centrefire handgun with a calibre of .38 inch or less or a black powder handgun.
4. Centrefire handgun with a calibre of more than .38 inch but not more than .45 inch.

The next thing is that the Act uses the words “possess, carry or use”, not own. And participation is a condition of licence, not ownership of handguns.

At this point we had better have the definition of “shoot”, it is:

- (a) a shoot conducted for the purposes of preparation for participation in an approved handgun target shooting match; and
- (b) organised by an approved handgun target shooting club; and
- (c) conducted on an approved shooting range.

The participation requirements are based on the number of classes of handgun you “possess, carry or use”, not the number of handguns. You may for instance use 3 different rimfire handguns, and as they are all in the one class the following would apply to you.

If you “possess, carry or use” only 1 class of handgun you must participate in, either as a competitor or as the supervisor, a competition judge or range officer;

- At least 6 matches on at least 6 separate days; and
- At least 4 shoots or matches on at least 4 separate days.
- At least 6 of the matches must be as a competitor
- The total must be on at least 10 separate days.

That part was easy. As long as you shoot at least 6 matches you can make the rest up with practice shoots or as a supervisor, judge or range officer, or of course you could simply shoot 10 matches. The Act does not specify that you have to supervise, judge or range officer in the same class.

Now it gets harder.

If you “possess, carry or use” more than 1 class of handgun you must participate in, either as a competitor or as the supervisor, a competition judge or range officer;

For each class of handgun which the holder possesses, carries or uses handguns in the whole or any part of the calendar year, at least 4 matches for that class of handgun that take place on at least 4 separate days; and

- in any case -
 - (i) at least 6 matches on at least 6 separate days, and
 - (ii) at least 4 shoots or matches on at least 4 separate days, being days that are in addition to the days under sub-paragraph (i).
- At least 6 of the matches must be as a competitor

So:

- You must participate in, **either as a competitor or as the supervisor, a competition judge or range officer** at least 4 matches for each class of handgun that you use.
- At least 6 of the matches must be as a competitor.
- The total must be on at least 10 separate days.

There are any number of combinations that could satisfy this requirement. Let's say for instance that I use a 0-22 and a 0-38, I could:

- Shoot 3 Standard Pistol matches and range officer 1 Free Pistol match, and
- Shoot 2 Centre Fire matches, 1 Service Pistol match and range officer 1 Black Powder match, and
- Practice with a 0-22 or centrefire handgun twice ("shoots").

There is nothing to stop you shooting matches of different classes on the same day, however keep in mind that you must end up with something on at least 10 separate days.

Clear as mud, isn't it?

Juniors! You guessed it; the same conditions apply even though they are totally reliant on an adult providing the handgun and an adult with a licence staying with them while they shoot. Totally ludicrous.

It gets better.

The Act only requires your club to keep a record of your participation in matches, not shoots.

Better still.

The Act only requires your club to report to the police on the matches that you competed in.

The mind boggles!!

This is only a small part of this pox ridden Act, and you can thank your politicians for it. When it came time for a vote (in both Houses) there were insufficient members in the Chamber. Yes, very few of them were interested, they had to ring the bell to get them in from the coffee shop to cast their vote, and of course they all voted yes. It would be a good idea for you to go and see your representatives and ask them why they voted for such ludicrous legislation.

From the Coaching Council

What do I have to do to shoot a good accurate shot?

You have to align the sights correctly in the aiming area, which will make the shot impact in the centre of the target and then cause the pistol to fire without miss-aligning the sights.

By request, (the first one in over 3 years) this article is on

"Freezing on the trigger"

By "freezing" I mean that when it seems that no matter how much you squeeze the trigger, the pistol just will not fire. This is a mental approach problem, and not a pistol problem.

How it happens is when you practice your shooting, (training) you go through the basics and develop a system of firing a shot, which we call a shot sequence. Let us say it is in the order of, "hold the sights aligned as best we can in the aiming area, and just squeeze the trigger all the way through." I seem to remember reading something about that in the VPN over the last few years. At the end of the day's practice, most people assess their shooting by their score. "My average is 8 or 80/100."

With this thought in mind they head off to a competition knowing that they can average an 8. Now in the competition something goes wrong and instead of a 1000gm trigger on their gun, it feels like a 5000gm trigger. In reality, the pistol is fine; it is the shooter who has changed.

What is now happening is, the brain has stopped thinking "align the sights and squeeze the trigger," and is now thinking "can I shoot an 8 with this shot, or my last shot was a 7, so I have to shoot at least a 9 to keep my average."

With this kind, or any kind of doubt in your mind, the pistol will not be as steady as usual, and this will put pressure on you not to squeeze the trigger because you may not shoot an 8. It can progress to the stage where no matter how hard you try to squeeze, the trigger will not release. The reason being you only have a massive amount of tension in your finger, and you are not actually squeezing the trigger.

All that might be good to know, but the important information is how to shoot and not have "freezing" happen again.

1. Develop a shot sequence i.e. align the sights correctly and hold them in the aiming area as steady as we can, then squeeze the trigger right through even after the shot fires. (All of this I am sure has been in previous VPN's)
2. Assess your ability by how well you can do this. That is by the size of your group. Not your score.

Now, when competing in a competition, you must shoot with the same approach you employed when practising. Use your shot sequence and assess your shooting by the rule of "is the shot in my average group", if it is then it is a good shot, not "if it is a good score, it is a good shot."

Your shooting should have nothing to do with score; the score is only to compare your ability to other people. Your group size explains your ability to yourself.

If you can extradite yourself from thinking "score" you will never freeze on the trigger.

If there is a specific topic that you would like to see discussed in this forum, just let me know (contact details below).

Licensed Gun Dealer 407/604/20F - **DEALER ENQUIRIES WELCOME**

The Judges Decision

This month I am listing a number of items that need clarification as to when and how new rule changes will take place.

The use of side blinders attached to hat, cap, shooting glasses or head band not to exceed.....etc.

These rules re side blinders will **NOT** be enforced at PA competitions. However, all members of the High Performance and Pistol Australia Training squads are recommended (at this time) to comply. **When requested**, the NRC will assist by applying these regulations to members of the HP and PATS squads.

Changes to the Rapid Fire match.

At the first 2003 PA Mid Year meeting it was resolved that:

“Pistol Australia will officially adopt the new ISSF 25m Rapid Fire rules to be introduced on 1st January 2005. This means that the match will then be shot with the 22lr Standard Pistol.

Accordingly, as of that date the (now) existing rules for the Rapid Fire will be superseded and **not supported at a national level**”.

This means that at the Nationals 2005 Rapid Fire will be shot under the new rules. However it does not mean that we in Victoria have to go down this track. Obviously we will have to eventually follow suit when the 22 shorts supply runs out. What happens in Victoria is up to us. I am sure that Neil would be elated if he received some feed back from you the reader on this matter.

It is to be noted that rule changes within Australia and within Victoria will be promulgated via the PA Bulletin, VPN or VAPA minutes or direct to clubs via the VRC or all of these depending on what, where and when these changes are to take place.

Peter Davis
National Judge A
NRC Council Member

HAVE YOU CHANGED YOUR ADDRESS?

Change of address is to be advised to your Club Secretary.

The editor cannot change addresses for VAPA members.

If your address is incorrect advise you Club Secretary, who will in turn advise the V.A.P.A. Secretary.

Zone Management Of VRC Activities

To facilitate better management of the VRC activities and resources within the State. A proposal to re-organise the way in which we utilise the members of the council has been raised.

To ensure that the members and clubs within the State are kept informed of the activities and duties of the VRC. I have put to the council executive the following proposal. Divide the State in to four zones. Dargo, Grampians, Samaria and Wyperfeld (as per the Champion of Champions zones). Each zone having a co-ordinator and a zone judge, where possible resident within that zone.

This group will as close as practical, conduct all VRC duties within the zone. Conduct meetings with the clubs and report to the VRC executive on a regular basis.

The rational behind this proposal is to ensure that all VAPA members and clubs are kept up to date on all of the activities of the council and be a ready port of call to all members with any queries regarding the VRC.

The zone judge will be the VRC representative, readily available to the members via an advertised phone number. The judge will attend to the query to ensure a rapid response and if unable to assist, will have the full resources of the VRC to find a solution to the query.

The zone judges are:

Dargo:

John Quinlivan. 03 51345350.

Grampians:

Wally Dunstan. 03 54734339.

Samaria:

Bob James. 03 97081414.

Wyperfeld:

Colin Repacholi. 03 97432247.

The clubs within each zone are:

DARGO: Alpine, Bairnsdale, Beaconsfield, Lang Lang, Latrobe Valley, Oakleigh, Orbost, Outtrim Peninsula, Sale, South Gippsland, Traralgon and Warragul-Drouin.

GRAMPIANS: ANZ, Ararat, Ballarat, Corangamite, Diamond Valley, Federal Force, Geelong, Hamilton, Melbourne Airport, MISC, Portland, Security Practical, Third Military District, Vic Prisons, Warrnambool and Wyndham.

SAMARIA: Beechworth, Benalla, Cobram, Devenish, Euroa, Homewood, Kurraan, Mansfield, Mountain Districts, Mt Hotham, Shepparton, Tatura, Twin City, Walwa, Wangaratta, Waranga, Yackandandah and Yarra.

WYPERFELD: Bendigo, Castlemaine, SSAA Cohuna, Echuca, Horsham, Kerang, Maryborough, Melton, Mid Murray, Mildura, Pine Grove, Robinvale, Sea Lake and Warracknabeal.

To precise' the trial now getting underway, should you as a member (or club) have any queries in regards to the duties and responsibilities of the VRC and its members contact the zone judge within your zone and that judge will attend to your query.

Example of FAQs are, running an equipment control, classification office, handling malfunctions, help with running an open competition, range controls and running a range officers or range supervisors course.

There many and varied questions that the judges and range officers get asked over the year. Here now is your chance to ask at any time.

A reminder the VRC and it facilities are available to all members and clubs within the VAPA umbrella and should be used by you. Make use of this facility to the benefit of yourselves and your club.

Jim Morgan
Director VRC.

Can you relate to a broad range of people?

Are you passionate about all types of shooting and competition?

Do you like to travel?

Then this position is for you! Nominations are now called for the position of State Team Manager.

The duties of the Team Manager are many and varied and include:

- working with the Team Eliminators during the year.
- conducting training sessions.
- selecting the Team.
- completing arrangements for the Team at the various National Championships, including travel, accommodation, uniforms etc.
- Supporting the team at the various National Championships.

NOMINATIONS TO THE SECRETARY BY 18TH MAY 2004.

Some of the Yarra boys at the Outtrim Service Open

How Would You Like To Get A Trip To The USA As A Team Member?

The rules covering Metallic Sight Class in International 1920 Match are in the process of being changed. Basically your Service Pistol now qualifies for Metallic Sight Class, even if it has a heavy barrel & sight rib.

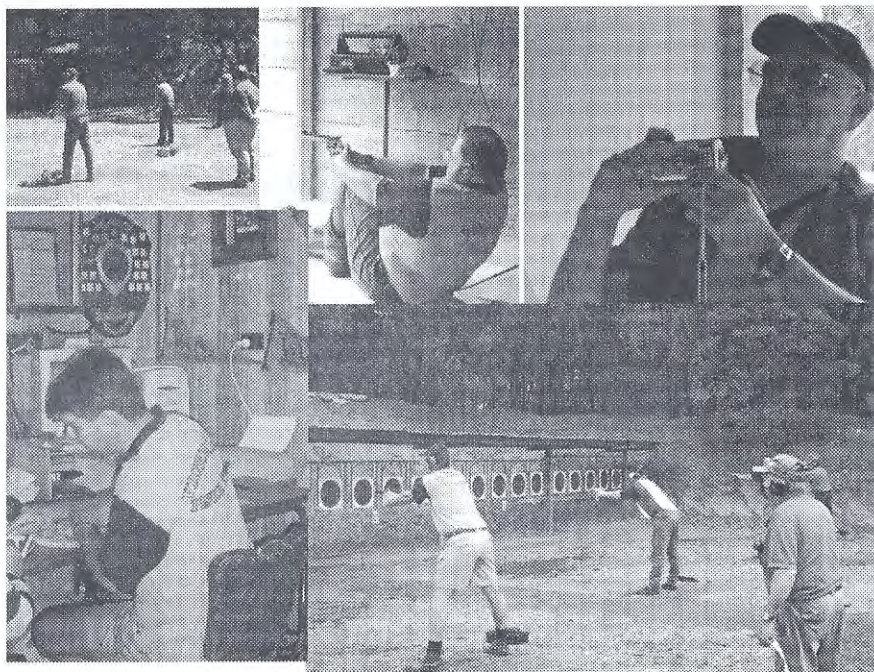

So with a little practice (*everyone knows that International 1920 Match is easy, just look at the scores shot in Open Class*) **you** could quite possibly earn your self a place on an Australian Team to go to the U.S.A.

If you are not aware there are quite a number of matches held throughout the year so getting the practice should not be any problem.

Blacktown Pistol Club will be running a Metallic Sight Class competition in conjunction with the Nationals in November this year, so why not break away from your normal routine & give International 1920 Match a try.

Les Clark

Victorian International 1920 Match Director.

Outtrim Service Open

Metallic Silhouette

Happier New Year to you all.

My name is John Turner and we have set up at Homewood Pistol Club a Sports Pistol Metallic Silhouette range and it is available to any licensed shooter with .44's, 45's, that wish to use our facilities.

We will be using the fourth Saturday in the first five months and then the fourth Sundays of the month for the rest of the year. This will be starting in February and finishing in November. As we only have limited facilities at the moment we can only handle about twelve shooters a day but have reserve if the demand gets over heavy, and will be putting on more days as required.

The fee will be set for the year at \$10.00 per visit and there will be a few overriding requirements.

One is that there is a house about three kilometres down the dirt track, which by the way is reasonable to drive over, we do ask you to slow right down on passing this house so that the dust does not go into their yards.

To shoot on the range it will be required that you book in and that we do not have too many at one time.

Please phone me on 03 9726 0085 for a booking. Full description of the range and directions will be given. Have a good New Year and good shooting to all.

John Turner.
President Homewood Pistol Club.

ICORE Australian Regional Revolver Championship.

From Howard MacDonald

Here are the results of our Regional Revolver Championship's which was held over the weekend of October 18th and 19th.

We had 82 competitors starting on a bright sunny Saturday and completed the match in the pouring rain on Sunday. Everyone enjoyed themselves and had a great time, even though the weather changed dramatically overnight.

We started the weekend off on Thursday night with a dinner at a local restaurant. This was a night of relaxation before the big match. The range officers started the weekend off by shooting their stages on Friday, whilst competitors signed on for the weekend. This was followed by a BBQ tea that was well attended.

On Saturday everyone was up bright and early to commence a great day of shooting and competitors fired their first shot at 08.30 a.m. After a great day of competition all competitors and staff attended a wonderful dinner where many give-aways were handed out to all competitors and their guests. This was a night to unwind and socialise.

Sunday the weather had changed to very cold, wet conditions, which improved as the day wore on. Unfortunately we had to cancel a stage because of the inclement conditions.

The change of weather really tested all the competitors.

By 2.30 everyone was anxious for the results and at last we were ready for the presentations of trophies and prizes.

I would like to thank especially Smith and Wesson, our major sponsor for all the support and sponsorship they have given us for this Open and previous years.

TK Custom, TXG Photo's, John Milic, Competition Shooting Supplies, Rehlicki Custom, Midland Irrigation, Phlatnum Projectiles, Bendigo Voice & Data, Khong Dynasty, Bendigo One Stop and Ron Poyser Holden who were our key sponsors. We had many more sponsors who will be thanked with plaques and certificates.

Alan Samuel from the USA won Overall Limited, while Overall Open was won by Mark Itzstein from South Queensland Wheelgunners.

The lucky winners of the Smith & Wesson 686+ handguns were Ian Bond from Townsville, John Willison from the Northern Territory and John Milic from Bendigo. These members are thoroughly thrilled with their win. Many thanks must be extended to Smith & Wesson who generously supplied these handguns to the Australia Region for our 3rd ICORE Australian Regional Revolver championship.

Many members and competitors are now looking to our 4th Australian Regional Revolver Championship's which will be held on 15, 16 & 17th October, 2004.

Ritchies Supermarkets are now supporting VAPA!

Shop at Ritchies Supermarkets and ask the cashier for your free Community Benefit Card and register VAPA as the beneficiary (CB Number 91201). One percent of your shopping bill is then donated to VAPA.

A great way to keep fees down!

VAPA Engraving Service.

Did you know that your club can now make use of the VAPA engraving machine?

Yes we are now able to offer to your club the ability to have medals, anodised plates, small shields, badges etc engraved at a reasonable rate. Other items such as penknives etc. may be able to be engraved after discussion with the VAPA Medallion secretary.

If your club is running an open and wish to make use of this service they can contact the medallion secretary Peter Davis as follows: -

By telephone: 9553 2494 (in person after hours) or leave a message on voice mail.

By email: petermdavis@bigpond.com

By mail: 409 Bay Road Cheltenham 3192

The following conditions apply to the use of this service

1. Medals, plates etc to be supplied by club.
2. Postage and handling for me to receive and dispatch goods to be born by club. Delivery and pick up to my place can be arranged.
3. Cost per item to be engraved is \$1.00 plus GST this will be invoiced to the club by VAPA treasurer.
4. Engraving requirements by VAPA needs will be placed ahead of club requirements. This will mainly occur around State Titles and the Postal Finals. Discussion with the Medallion secretary around these times will see if he can meet your needs.

Peter Davis

Medallion Secretary

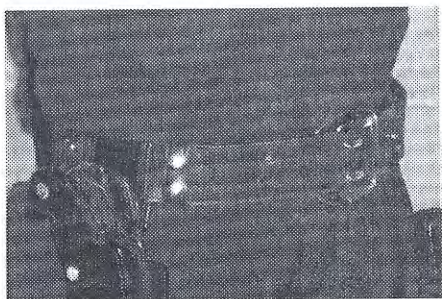

Around The Opens

Numbers Up:

The new participation laws seem to be having an effect. At the recent Outtrim Service Open there was a record 45 competitors. The Castlemaine ISSF Open the same weekend also recorded large numbers of competitors.

Adam 12?

It was rather unkindly suggested at the Outtrim Service Open that this belt came straight out of Adam 12!

Two questions, who is wearing the belt?
And who is old enough to remember
Adam 12?

Outtrim Outed:

A power outage during an Open would normally cause some consternation for the host club. Not so at Outtrim. A resourceful member just raced home and grabbed a generator to keep the ranges running.

Double Skid!

Who was the Yarra shooter that managed to get not one, but two skids on a seven yard Service Target? After a problem with the reload he fired so fast that there were two skids on the target.

Hide those legs!

With the temperature predicted to be in the mid forties at the Warragul Drouin Open, shorts were the order of the day for many gens.

"Hide those legs"

One daughter did not appreciate her father wearing shorts, and suggested he should "hide those legs".

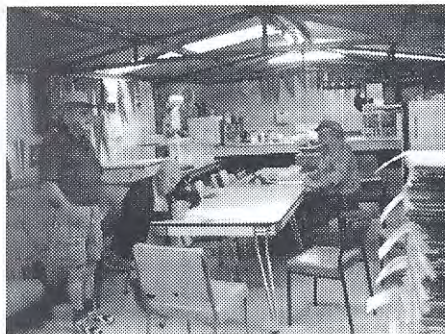

Castlemaine Open:

The new paperwork in action and a visit from LSB.

The weekend of 31st January and 1st February saw another great open held at Castlemaine, again with a maximum field there was plenty of competition to be found.

And in fact some couldn't make the distance, I believe that a shooter from Beaconsfield was in a shoot off, but he needed a stubby, that was the end of the shoot off and of course second place.

There was a marked drop in rapid fire entrants but on the other hand an increase in the centre fire / sport pistol category. At the end of Saturday there were still about 7 on the waiting list for this event.

Wally keeps the crew under control.

Air pistol had only 3 spots to fill for the entire weekend, which included a full detail on Friday night; this really takes the pressure off on Sunday.

There was a lot of talk and an extreme amount of interest for about 5 hours on Saturday as the club had an extended visit by the Licensing Services Branch.

Initially there was to be only two reps. from the administrative dept. but this was expanded to eight. Included among them were the officer in charge of the department Mr. Dettman, a flock of

As luck would have it Marg and Max Cleland had volunteered their time to "Look After" this lot, and they did quite well. We also had on hand our President Sharon Reynolds, Judge "A" Robert Lester, and various members that had an earful to impart on this unsuspecting lot.

Bob Lester with David Dettman and staff.

Castlemaine was the "First" open to be held under the new regs, so it was quite an interesting sideshow. Only one of the eight, Mr. Dettman, had attended an open shoot before, and that was a short visit.

The gun check was an eye opener for ALL of them, no one had even considered that all the measuring and weighing was part of the system. Of course lots of notes and photos were taken, no doubt with an alternate agenda in mind.

All shooters had to fill out the new requirements in paperwork (which is the backbone of any Government department). "Name rank and serial number sir", and where do I sign, the RO's had to also had a spot to sign.

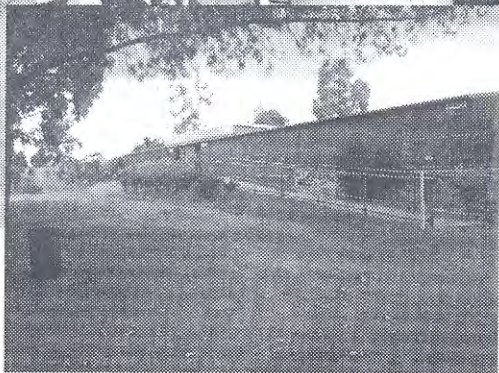

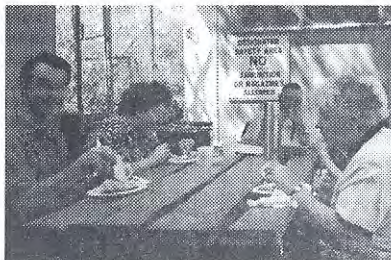

Rachel & Grace from LSB.

They did have a bit of trouble with the term "Standard Gun", for apparently the

term is used a few times in the gazetted regs. that were produced, but eventually on seeking to see them it was pointed out that ISSF and IPSC refer to standard gun in a different manner," scuse me "I guess that we will find this sort of thing cropping up for some time to come.

The Regional Firearms Officer from Bendigo also attended the scene, and he turned out to be quite the opposite of expectations, nothing was too much trouble.

They arrived at 0900 Hrs and left at 1430, so a lot of material was covered. However the shooting carried on with out a hitch, but it sure as hell left a lot of people talking about the dawn of the new regulations, and I would suppose that any talk about our sport is a good thing.

WANTED

People to serve on the Executive of The Victorian Amateur Pistol Association.

Positions available are:

President

Second Vice President

Treasurer

First Vice President

Secretary

Executive Officer

Nominations for the above positions must be received by June 4th 2004.

Also available, with nominations up to, and including from the floor at the meeting, are the following positions:

- Fund Raising Sub-Committee (3 persons)
- Shooting Sports Council Delegates (4 persons)
- Publicity Officer

Here is your chance to do something for your sport.

Don't sit on your backside and whinge that "someone" should do something for your sport. Make the effort and commitment yourself and become that "someone" who does something for your sport.

Any Special Business for the Annual General Meeting must be lodged with the Secretary no later than 14th May 2004.

Send Nominations or Special Business to:

Eddie Evans
P O Box 301
Altona Vic 3018

VICTORIAN AMATEUR PISTOL ASSOCIATION.

STATE TEAM SELECTION METHOD.

PURPOSE:

To form a squad from which the State Team to compete at National Championships will be selected.

THOSE ELIGIBLE TO NOMINATE:

SENIORS: All shooters of "A" or Master Grade for PA and ISSF events. Master Grade or High Master Grade for NRA Events.

JUNIORS: All Juniors who will still be 20 years of age as at **DECEMBER 31** in the year of the Championships.

AUTOMATIC INCLUSIONS:

All current State Team Members are automatically included for their Team Event/s in next year's squad. If you wish to nominate for extra Events please complete the Nomination Form.

NOMINATIONS:

Shooters wishing to nominate for the State Team complete and mail the nomination form to

Neil Stewart
P O Box 38
Pascoe Vale South Vic 3044

Nominate for only the event/s in which you are currently qualified.

INVITATIONS:

Any shooter who has not nominated, and has shot two or more scores that give the shooter a qualifying Mean Average in Sanctioned Open competitions, may apply to join the squad, or may be invited to join the squad by the Team Managers.

SELECTION METHOD:

Shooters are required to compete in a minimum of four (4) Sanctioned Open Competitions. There is no limit to the number of such competitions and they may include interstate and overseas competitions. For a competition to be eligible there must be a minimum of a Judge "B" in attendance. In the event that there are less than six (6) Open Competitions planned for a particular event closed elimination/s may be conducted.

It is the shooter's responsibility to ensure the Team Managers receive a full copy of the results (not just individual scores) within 28 days of the competition.

A final squad of 4 will be selected for each match at the conclusion on the elimination series. Ranking will be in order of Mean Average.

SELECTION PERIOD:

PA & ISSF: From 1st January to the first weekend in December each year. Should the PA and ISSF National Championships be split, selection periods will be advised.

NRA: From the weekend following the prior years State Championships up to and including the current years State Championships.

SELECTION AVERAGES:

To be eligible for selection shooters must maintain the following Mean Average (Average of all scores submitted, discarding the lowest).

	Free	Rapid	Centre	Stand	Sport	Air
Open	535	560	565	555		565
Ladies					560	370
Junior					545	355
	Service	Unrest	Serv 25	BP25	BP50	NRA
Open	855	870	590	360	350	1905
Ladies						1850
Junior						1850

In the event there are insufficient qualifiers in any particular match (event), meaning that a team is unable to be selected in that match, the Selection Sub Committee MAY select from those who have not fully qualified as follows:

- There must be at least one shooter to have qualified in that particular event.
- Other shooters to be considered must have a Mean Average of 99% of the Qualifying Mean Average.
- Shooters who have qualified in other matches may fill the position/s.

SELECTION OF FINAL TEAM:

The final squad of 4 selected for each event will be required to compete in nominated competition/s to select the three Team Members and Reserve.

TEAM SELECTION SUB-COMMITTEE:

There shall be a Team Selection Sub Committee.

The Sub-Committee will have discretionary powers when selecting the State Team.

The decision of the Sub-Committee shall be final.

REPLACEMENT OF TEAM MEMBERS:

Once selected should any member of the Team be unable to attend the National Championships, his/her position will be filled or left vacant at the discretion of the Team Managers.

If, at the National Championships, it is considered that any Team Members may, in any way, jeopardise the chances of the Team, the Team Managers may replace that member.

Team members will at all times comply with the Team Managers' instructions relating to Team activities.

BENEFITS:

VAPA will provide Team Members with:

- (a) Accommodation on a twin or triple share basis from up to 2 nights before the Team Members first Team competition, or from the commencement of Official Training (whichever is the latter) until up to 2 nights after the conclusion of the Team Members final team competition or the conclusion of the Championships (whichever is the earlier);
- (b) Transport to the city of the Event, or the equivalent cash reimbursement;
- (c) Transfers to the site of the Event, as appropriate;
- (d) Entry and nomination fees for team event/s;
- (e) Ticket to the Presentation Dinner should Team Members attend;
- (f) An allowance of \$25.00 per day for the period accommodation is paid for by V.A.P.A., or the Team Members attendance at the Championships, whichever is the shorter; except that if the accommodation paid for by V.A.P.A. includes daily breakfast the allowance will be reduced to \$20.00 per day.
- (g) Other benefits as may be made available from time to time

GENERAL:

Team members will be in attendance at the venue of the National Championships at least 24 hours prior to their first event/s - or earlier - so that each member can engage in at least one practice session of their event/s, and acclimatise to local conditions.

On completion of their competition events, members may depart the Team although it is hoped that members will remain to support and encourage other team members for remaining competitions.

It is expected that all Team Members will stay at the accommodation arranged. Any member (with good reason) may apply to live elsewhere, but it is preferred the accommodation be close to the venue. If any such request is approved, and dependant on the style of accommodation, the member may be reimbursed up to the equivalent of the accommodation arranged by the V.A.P.A.

Spouse or family may accompany Team members at their own expense, but Team activities will at all times take precedence.

NOMINATION FOR STATE TEAM: PA & ISSF MATCHES

Return to: Neil Stewart.

Letters to the Editor

Dear Stewie,

Marg & I went down to the range to shoot our first postals match for the year. Was informed by Eddie Evans that unless we had our permit to use a .44 calibre black powder, we could not shoot.

All those in the club with .44 calibre pistols have applied for said permits but because of the inefficiencies of Pistol Registry; nobody in our club has got them.

I was informed that we would not be accredited with that shoot so we travelled to the range for nothing.

Having said that, I am now going to say this: how long do us pistol shooters, rifle shooters, shotgun shooters and anybody else who handles a firearm is going to put up with this absolute bull that this Government being the Bracks Labour government and his cronies are going to serve up to us. As you can probably gather, I have had an absolute guts full of the crap that they are dishing up. I have just got a letter off to my local member expressing my feelings and my discontent with the garbage of this government.

My fellow shooters

I listen to them whinge and bloody moan about these bloody regulations. How many have got off their backsides and bloody well done something. Not very bloody many! As far as I know, I and all other shooters are honest, law abiding citizens of this country. We deserve better treatment than what we are getting off our State and Federal Parliamentarians and also a better deal from our National Body, Pistol Australia.

While we are on Pistol Australia, the way they rolled over to the Federal Government on matches and calibre of pistols, Des Boseley was absolutely right in what he stated in his letter. The whole lot need to be sacked if not sacked, VAPA should withdraw all funding to Pistol Australia and maybe then if the other States threatened to do the same, they might do more of our bidding than feathering their own nests and all this crap they went on with supposedly behind the scenes lobbying on our behalf, all they did was sell us out.

In finishing up, it is quite obvious that the criminals of this country have far more rights and get better looked after by the Governments of this country than we do. How long are we going to lie down, say nothing and cop it in the neck?

If you, the law abiding shooter are not prepared to get off your backside and do something, get out of the sport! Roll over! Go and play golf! Better still, go fishing!

Max Cleland

Editors Comment: Don't bother going fishing; when the "Anti's" have finished with shooting, fishing will be their next objective!! As for Pistol Australia, read Management Matters on page 3!!!!
