NOTICE TO READERS

The contents of this issue have been selected in an attempt to extend knowledge, improve practice and promote communication within the field of pistol shooting for members of the association. The Editor may at his discretion reject any contribution, hold it over for later publication, or edit out any unsuitable material. Opinions expressed are those of the original authors and do not necessarily reflect those of the Editor of the Association. Persons acting on any opinion, advice fact or advertisement published in this issue do so at their own risk.

Editorial

By the time you are reading this, the Commonwealth Games will be under way. Congratulations to our Victorian Representatives Dina Aspandiyarova, Bruce Quick, Daniel Repacholi and Lalita Yauhleuskaya, may they bring home many medals between them. Congratulations also to Les Clark and Nathan Tait who have been selected to represent Australia at the 2006 Bianchi Cup and the Action Pistol World Championships. It is pleasing to see so many Victorians representing Australia at International competition. These competitors, and those they have competed against to gain places in National teams, have put in many hours of training to get to where they are and they are the ones keeping our sport alive. As long as we are competitive at International events the various Governments will continue to recognize the legitimacy of our sport. Unfortunately they don't receive the acclimation they deserve outside our own movement. If an Australian shooter broke a World Record and an AFL footballer broke a fingernail on the same day I know which story would be back page news.

It is also that time of year when nominations for the VAPA Executive are called for. The current Executive may be continuing on or they may retire. Either way there are positions that need to be filled.

We need interested people to serve on the Executive of their sport. People with a passion for the sport and the drive and enthusiasm to shape the future direction of the Association. The hours are long, the pay is lousy and everyone expects you to perform miracles, but the satisfaction could be enormous.

This issue is smaller than usual; quite simply, I and my stable of regular contributors have run out of ideas. As one contributor said when he emailed his article "Sorry it is not "bigger" but I just do not know what to write about" and another said "I really don't know what to put in". What is needed is some kind of feedback, good or bad. What do you, the members want to see in your magazine? Or do you want a magazine at all? From some comments I hear around the traps nobody reads it anyway.

Send in your feedback and/or suggestions, contact details are on page one.

Management Matters

From the President

Hasn't time gone by quickly since Christmas, I hope you all had a good break and resumed your shooting again. I know that some did not stop and that leads me into my next topic

Congratulations to Les Clarke and Nathan Tait who will represent Australia with Darryl Camecelli from WA and Brett Leslett from SA in the Bianchi Cup in 2006

The first round of the Australia Cup has been contested and congratulations to our winners and place getters for your effort, Bruce Quick, Stephen Deller, Daniel Repacholi, Linda Ryan, Dina Aspandiyarova and Lalita Yauhleuskaya. Second round coming up on Feb 9th until 12th and we hope you all do well.

By the time the VPN is in print the Nationals will be in progress at Wagga Wagga and then in Sydney two days later, and again we hope the Victorian team can top last years effort or equal it.

By now many of you would have been informed that the Australian Shooting Association has been renamed to Australian International Shooting Limited and they have a website www.ausshooting.org, well worth a look at for all shooting news.

Members of clubs and not only pistol clubs are the strength behind the club, assist and work with the club and that will result in a healthy environment, but don't just not do anything and the club will slowly go down, so you see that it is important that we all help our clubs by offering help, joining committees, attending working bees (so we are not forced to hire outside contractors to do small projects that can be handled at club level). I am sure that you will find, that a little from many can achieve quite a lot.

Catch up on our recent rule changes from the NRC website and also access the latest changes from the Fire Arms Act due in January and June this year.

Our Air Pistol trailer is still available for bookings in 2006 so contact Wayne Roots from Warragul Drouin PC and give it a try; new members can be sourced from this venue.

From the Coaching Council

The two primary actions of releasing a good shot are, as we all know, sight alignment and trigger control. Every other action we carry out when shooting, is to enable these to happen exactly the same shot after shot.

One of the best methods of reinforcing the ability to focus on your sights only and then squeeze the trigger is by placing your target back to front presenting a plain blank sheet to shoot at. Why would you do this? It completely stops you from looking over the sights to see where you are holding in relation to the black centre of the target. *This now just happens to be the correct way to shoot.*

The explanation of how conscious and sub-conscious mind operate could go on for hours but suffice to say that the peripheral vision will locate the approximate centre of the target.

Shooting at a blank target reinforces the correct action of aligning your sights and squeezing the trigger. If you ever try this exercise, initially it is highly probable that your group will be greater in height than it is in width.

The explanation for this is because you will automatically hold central between both sides of the target and only an approx. distance down from the top as the lower half is blocked from view by the sights. The maximum horizontal spread will actually indicate the size of group you are capable of shooting.

When you become proficient and record an acceptable size group on the blank card, then the next exercise is to turn the target around and then be able to reproduce the group size on the normally facing target. If the group becomes larger, then it indicates that you are looking at the target and not focusing exclusively on the sights.

If anybody is interested in attending a coaching clinic, a notice pertaining to one is in this VPN.

VICTORIAN AMATEUR PISTOL ASSOCIATION.

STATE TEAM SELECTION METHOD.

PURPOSE:

To form a squad from which the State Team to compete at National Championships will be selected.

THOSE ELIGIBLE TO NOMINATE:

SENIORS: All shooters of "A" or Master Grade for PA and ISSF events. Master Grade or High Master Grade for NRA Events.

JUNIORS: All Juniors who will still be 20 years of age as at **DECEMBER 31** in the year of the Championships.

AUTOMATIC INCLUSIONS:

All current State Team Members are automatically included for their Team Event/s in next year's squad. If you wish to nominate for extra Events please complete the Nomination Form.

NOMINATIONS:

Shooters wishing to nominate for the State Team complete and mail the nomination form to

Neil Stewart
P O Box 38
Pascoe Vale South Vic 3044

Nominate for only the event/s in which you are currently qualified.

INVITATIONS:

Any shooter who has not nominated, and has shot two or more scores that give the shooter a qualifying Mean Average in Sanctioned Open competitions, may apply to join the squad, or may be invited to join the squad by the Team Mangers.

SELECTION METHOD:

Shooters are required to compete in a minimum of four (4) Sanctioned Open Competitions. There is no limit to the number of such competitions and they may include interstate and overseas competitions. For a competition to be eligible there must be a minimum of a Judge "B" in attendance. In the event that there are less than six (6) Open Competitions planned for a particular event closed elimination/s may be conducted.

It is the shooter's responsibility to ensure the Team Managers receive a full copy of the results (not just individual scores) within 28 days of the competition.

A final squad of 4 will be selected for each match at the conclusion on the elimination series. Ranking will be in order of Mean Average.

SELECTION PERIOD:

PA & ISSF: From 1st January to the first weekend in December each year. Should the PA and ISSF National Championships be split, selection periods will be advised.

NRA: From the weekend following the prior years State Championships up to and including the current years State Championships.

SELECTION AVERAGES:

To be eligible for selection shooters must maintain the following Mean Average (Average of all scores submitted, discarding the lowest).

	Free	Rapid	Centre	Stand	Sport	Air	Service	Unrest	Serv	25	WA1500	BP25	BP50	1920
Open	535	550	565	555		565	855	870	605	1440	360	350	1885	
Ladies					560	370							1820	
Junior					545	355							1820	
Metallic Sight													1700	

In the event there are insufficient qualifiers in any particular match (event), meaning that a team is unable to be selected in that match, the Selection Sub Committee MAY select from those who have not fully qualified as follows:

- There must be at least one shooter to have qualified in that particular event.
- Other shooters to be considered must have a Mean Average of 99% of the Qualifying Mean Average.
- Shooters who have qualified in other matches may fill the position/s.

SELECTION OF FINAL TEAM:

The final squad of 4 selected for each event will be required to compete in nominated competition/s to select the three Team Members and Reserve.

TEAM SELECTION SUB-COMMITTEE:

There shall be a Team Selection Sub Committee.

The Sub-Committee will have discretionary powers when selecting the State Team.

The decision of the Sub-Committee shall be final.

REPLACEMENT OF TEAM MEMBERS:

Once selected should any member of the Team be unable to attend the National Championships, his/her position will be filled or left vacant at the discretion of the Team Managers.

If, at the National Championships, it is considered that any Team Members may, in any way, jeopardise the chances of the Team, the Team Managers may replace that member.

Team members will at all times comply with the Team Managers' instructions relating to Team activities.

BENEFITS:

VAPA will provide Team Members with:

- (a) Accommodation on a twin or triple share basis from up to 2 nights before the Team Members first Team competition, or from the commencement of Official Training (whichever is the later) until up to 2 nights after the conclusion of the Team Members final team competition or the conclusion of the Championships (whichever is the earlier);
- (b) Transport to the city of the Event, or the equivalent cash reimbursement. Should two or more Team Members travel in the same vehicle the cash reimbursement will be adjusted accordingly;
- (c) Transfers to the site of the Event, as appropriate;
- (d) Entry and nomination fees for team event/s;
- (e) Ticket to the Presentation Dinner should Team Members attend;
- (f) An allowance of \$25.00 per day for the period accommodation is paid for by V.A.P.A., or the Team Members attendance at the Championships, whichever is the shorter; except that if the accommodation paid for by V.A.P.A. includes daily breakfast the allowance will be reduced to \$10.00 per day.
- (g) Other benefits as may be made available from time to time

GENERAL:

Team members will be in attendance at the venue of the National Championships at least 24 hours prior to their first event/s - or earlier - so that each member can engage in at least one practice session of their event/s, and acclimatise to local conditions.

On completion of their competition events, members may depart the Team although it is hoped that members will remain to support and encourage other team members for remaining competitions at their own expense.

It is expected that all Team Members will stay at the accommodation arranged. Any member (with good reason) may apply to live elsewhere, but it is preferred the accommodation be close to the venue. If any such request is approved, and dependant on the style of accommodation, the member may be reimbursed up to the equivalent of the accommodation arranged by the V.A.P.A.

Spouse or family may accompany Team members at their own expense, but Team activities will at all times take precedence.
